NOTE.—All the above expenditures were incurred prior to the contracts entered into for furnishing the Departments, under the 17th section of the act of 26th August, 1842. A considerable amount has since been expended, the bills for which have not yet been rendered, but will be brought into the contingent account for the fourth quarter of the year.

Hitherto, two copies of the Congressional documents have been bound up for the use of this office; orders have been given to bind but one set hereafter.

TREASURY DEPARTMENT,

Second Auditor's Office, December 20, 1842.

SIR: Having obtained from the Register of the Treasury the loan of the accounts of the contingent expenses of this office subsequent to the 30th of September, 1841, I have now the honor to hand you statements of the disbursements made in the fourth quarter of the last year, and in the first, second, and third quarters of the present—the three last so prepared as to conform to the 20th section of the act of Congress of the 26th of August, 1842.

It is ascertained that the sum of \$300 is inadequate to meet the demands of the office for blank books, binding, and stationery, for twelve months, and it may therefore be necessary for the head of the Department to exercise the authority given him by the 23d section of the act above referred to.

The delay in complying with your directions of the 12th instant was owing to the impression received here, that it was your wish to have statements embracing the entire year, before submitting your report to Congress.

With much respect, your obedient servant,

W. B. LEWIS.

HON. WALTER FORWARD,

Secretary of the Treasury.

Statement exhibiting the amount of purchases made, and services rendered, for the use of the office of the Second Auditor of the Treasury, for the first, second, and third quarters of 1842, the particulars of which are detailed in the accompanying abstracts, Nos. 2, 3, and 4.
